Who Are We?

As GSAM Solution, we are a two-person mobile application and website development team. By combining design and technology, we create user-friendly, functional, and sustainable digital products. While one part of our team focuses on interface and user experience design, the other brings these ideas to life technically.

From the idea stage to the publishing process, we work with transparent communication, analytical thinking, and a user-centric approach. Our goal is to develop original applications that are balanced in terms of aesthetics and performance, reliable, and truly meet user needs.

Our Project Samples

Arayandan
REVERSE MARKETPLACE WEB PLATFORM
- Create listings based on needs
- Receive offers from sellers
- Property & vehicle request
- Request / offer management
- Admin dashboard

Fluxo
SMART ANALYTICS & BUSINESS PERFORMANCE MANAGEMENT WEB PANEL
- Real-time analytics
- Customizable widgets
- Revenue & traffic tracking
- Team activity overview
- Order & customer management

Viralance
AI-POWERED SOCIAL MEDIA TOOL – WEB PANEL
- Smart content recommendations
- Hashtag & trend analysis
- Audience analytics
- Automatic posting
- Performance tracking

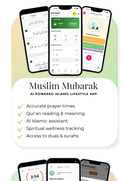

FitZen Web
AI-POWERED NUTRITION APP – ADMIN PANEL
- Content management panel
- Recipe & blog management
- Test / quiz creation
- User activity & analytics
- Fast actions panel

FitZen
AI-POWERED DIET & HEALTHY LIFESTYLE APP
- AI meal scanner
- Personalized nutrition plan
- 24/7 AI nutrition coach
- Vegan & vegetarian recipes
- Step – water – calorie tracking
- Smart reminders

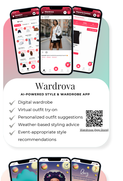

PeakUp
FITNESS STUDIO MANAGEMENT & MEMBER TRACKING
- Class scheduling
- Member & package management
- Weekly class calendar
- Session booking
- Measurement & package tracking

Muslim Muharak
AI-POWERED ISLAMIC LIFESTYLE APP
- Accurate prayer times
- Qur'an reading & meaning
- AI Islamic assistant
- Spiritual wellness tracking
- Access to duas & surahs

PersonaDreams
AI-POWERED PERSONALITY & MOOD APP
- AI personality analysis
- AI story generation
- Dream interpretation engine
- Fortune & astrology module
- Personal insight system

Wardrova
AI-POWERED STYLE & WARDROBE APP
- Digital wardrobe
- Virtual outfit try-on
- Personalized outfit suggestions
- Weather-based styling advice
- Event-appropriate style recommendations

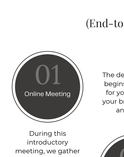

Parent Daily
AI-POWERED PARENTING SUPPORT APP
- AI parenting assistant
- Daily mood tracking
- Gentle reminders
- Memory & daily journal
- Parenting insights

Lilly & Leo
EDUCATIONAL STORYTELLING & LEARNING APP FOR CHILDREN
- Educational story library
- Fun quizzes
- Daily task system
- Collection creation
- Safe & child-friendly interface

in5min
SMART BUILDING & FAIR CONSTRUCTION APP WITH 5-MINUTE TASKS
- 5-minute tasks
- Multiple categories (Sports, Games, etc.)
- Duels with friends
- Global leaderboard
- Task rewards

UniApp
SOCIAL & ACADEMIC PLATFORM FOR UNIVERSITY STUDENTS
- Profile & ID creation
- Campus events calendar
- Interest-based content discovery
- Community participation
- Student networking & interaction

Dine Divine
EXCLUSIVE RECIPES AND TIPS FOR PROFESSIONAL CHEFS
- Chef-created recipes
- Step-by-step cooking guides
- Curated recipe library
- Community interaction
- Gastronomy-focused inspiration hub

Our Workflow
(End-to-End App Development Process)

01 Online Meeting
During this introductory meeting, we gather essential information about the application you request.

02 Design Phase
The design process begins specifically for you, based on your brand identity and needs.

03 Design Approval & Development
The design is revised until your final approval. Once approved, the development process begins.

04 App Delivery
Your application is completed and delivered to you within a maximum of 12 days from the first meeting.

Which Area Would You Like Us to Help You With?

IOS NATIVE DEVELOPMENT
I develop powerful native iOS applications from scratch using Swift, SwiftUI, and UIKit. High-level performance and full native capabilities.
- Swift & SwiftUI
- UIKit Integration
- CoreData & CoreML
- HealthKit & ARKit
- In-App Purchases
- App Store Publishing

ANDROID NATIVE DEVELOPMENT
Impressive Android applications with Kotlin and Jetpack Compose. Compatible with Material Design and Google services.
- Kotlin & Java
- Jetpack Compose
- Material Design
- Room Database
- Play Store Publishing
- Firebase Integration

REACT NATIVE CROSS-PLATFORM
Write once, run anywhere. Cost-effective shared codebase for both iOS and Android.
- React Native & Expo
- TypeScript
- Native Modules
- Redux State Management
- Cross-Platform Deployment
- Fast Development

WEB & BACKEND DEVELOPMENT
Expert web development with modern frameworks, scalable backend architecture, and cloud-based infrastructure.
- React & Next.js
- Node.js & Express
- Firebase & Supabase
- RESTful APIs
- PostgreSQL & MongoDB
- AWS & Cloud Services

FEATURE DEVELOPMENT
Add new features to your existing application. Integrations, special login, maps, and much more.
- New Features
- Payment Integration
- Social Media APIs
- Maps & Location
- Analytics Setup
- Third-Party SDKs

APPLICATION MODERNIZATION
Update old code, renew architecture, optimize performance, and fix existing issues.
- Code Refactoring
- Performance Improvement
- Bug Fixes
- Security Updates
- Architectural Redesign
- Dependency Updates

ARTIFICIAL INTELLIGENCE & MACHINE LEARNING
Integrate ChatGPT, image recognition, CoreML models, and smart features into your app.
- ChatGPT API
- CoreML & TensorFlow
- Image Recognition
- NLP Processing
- Recommendation Engine
- Custom Models

UI/UX APPLICATION
Pixel-perfect design implementation with fast-running interfaces in collaboration with professional designers.
- Figma to Code
- Responsive Design
- Animations
- Design Systems
- Style Guides
- Component Libraries

TEST & QA
A comprehensive testing strategy including unit tests, integration tests, UI tests, and quality assurance.
- Unit Tests
- UI Tests
- Integration Tests
- Bug Reporting
- Performance Testing
- Test Automation

APP STORE OPTIMIZATION
Improve your app's visibility and downloads on the App Store and Play Store with ASO strategies.
- Keyword Research
- App Description
- Screenshot Design
- A/B Testing
- Review Management
- Conversion Optimization

PUSH NOTIFICATIONS
Engage users with targeted push notifications. Compatible with Firebase, OneSignal, and custom notification systems.
- FCM Integration
- OneSignal Setup
- User Segmentation
- Scheduled Messages
- Rich Notifications
- Analytics Tracking

PAYMENT INTEGRATION
Integrate secure payment systems such as Stripe, PayPal, in-app purchases, and subscription models.
- Stripe Integration
- In-App Purchases
- Subscription Models
- PayPal
- RevenueCat
- Payment Analytics

MULTI-LANGUAGE SUPPORT
Internationalize your app. Reach global audiences with multi-language and regional support.
- Localization
- RTL Support
- Dynamic Language Switching
- Translation Management
- Regional Formats
- Global Markets

BACKEND & APIS
Scalable backend infrastructure with Firebase, Supabase, or custom Node.js REST APIs.
- RESTful APIs
- Firebase & Supabase
- PostgreSQL & MongoDB
- Authentication
- Cloud Functions
- Real-Time Synchronization

CI/CD & DEVOPS
Automated build, testing, and deployment pipelines. GitHub Actions, Fastlane, and continuous delivery.
- GitHub Actions
- Fastlane Setup
- Automated Testing
- App Deployment
- Beta Testing
- Version Management

MAINTENANCE & SUPPORT
Long-term maintenance, updates, bug fixes, and technical support for your mobile application.
- Bug Fixes
- OS Updates
- Security Patches
- Feature Updates
- 24/7 Support
- Monitoring & Alerts

Recent Client Feedbacks

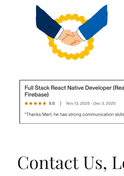

React Native Mobile Application Developer Needed
★★★★★ 5.0 | Dec 9, 2020 - Dec 21, 2020

"I had a great experience working with Ali Mert. He developed a mobile app for me from start to finish, and the result exceeded my expectations. The app is clean, fast, user-friendly, fun and very well-structured.

Communication was clear and professional throughout the entire project. He understood my requirements quickly, offered smart suggestions, and delivered everything on time. Any feedback or revisions I requested were handled promptly and with great attention to detail.

If you are looking for a reliable, skilled, and dedicated developer I can confidently say Ali Mert is an excellent choice for both mobile app development and high-quality design. I would absolutely work with him again on future projects.

Thank you Ali Mert!" less

Mobile App Developer Needed for Fitness Accountability MVP (IOS + Android)
★★★★★ 5.0 | Nov 19, 2020 - Dec 3, 2020

"Working with this developer was an excellent experience from start to finish. He was extremely easy to work with, communicated clearly, and responded quickly to every question or update. The entire process felt smooth and efficient, and he consistently went above and beyond to make sure everything was done correctly. I'm very happy with the final product and would absolutely work with him again. Highly recommend!" less

Full Stack React Native Developer (React Native + NodeJs + MongoDB + AWS + Firebase)
★★★★★ 5.0 | Nov 13, 2020 - Dec 3, 2020

"Thanks Mert, he has strong communication skills and delivered the work on the frontend side on time."
